2. A Brief History of the University

The V.V.John Committee was appointed by Government of Gujarat in April, 1973 to review the status of higher education and establish new universities. Following the recommendations of the committee, the North Gujarat University has been established by North Gujarat University Ordinance (Gujarat Ordinance No.5 of 1986, dated 17-05-1986). The Ordinance was later converted into an Act, passed by Gujarat Legislative Assembly on 29-08-1986 as North Gujarat University Act (No.22 of 1986, dated 10-09-1986). This University has now been renamed as Hemchandracharya North Gujarat University (by Gujarat Act No.2 of 2003 dated 01-03-2003), to honour the great philosopher, thinker and Jain acharya Hemchandracharya Suri, who made valuable contribution to the studies in grammar, literature, religion and philosophy.

The jurisdiction of the University covers five districts Viz., Patan, Mehsana, Banaskantha, Sabarkantha and Aravalli and caters to cultural and educational needs of this region

There are 15 post graduate departments, 02 constituent colleges, and 07 centers on campus. Number of affiliated colleges 383 with 26 new colleges during the year. The University was Re-Accredited with "A" Grade, CGPA of 3.02 by "NAAC" in 2016.

This symbolizes that curriculum are well designed and revised regularly to meet with recent developments and professional needs.

The University has beautiful, well planned and lovely campus spread over 221 acres of land with facilities of Central Library, Computer center, Hostels for Boys&Girls, Well developed Sport complex, Health center, Canteen, Post Office and Bank. The campus life has a blend of rural to urban style, learning with research aptitude and dynamic curricular and co-curricular activities adding more colours to the students' life.

Emblem of the University

The emblem of the University contains a picture of Saraswati framed in a Gavaksha or Niche. Devi Saraswati, traditionally representing learning, is depicted after a painting in the old Prakrit manuscript of Dash-Vaikalik. The design of Gavaksha, simple and elegant, is adopted from the excavation of "Rani Ki Vav" in Patan.

The emblem thus recalls the ancient art and culture of Gujarat at the peak of its glory centuries ago, when Patan was a great center of learning.

The motto invokes divine blessings of sacred knowledge. It also relates to the Saraswati, the holy Vedic Kumarika River on the bank of which the University is located and which symbolizes an endless flow of ever growing knowledge.

5.5 National Service Scheme**History and Growth of NSS :**

In India, the idea of involving students in the task of national service dates back to the times of Mahatma Gandhi, the father of the nation. The central theme which he tried to impress upon his student audience time and time again was that they should always keep before them, their social responsibility. The first duty of the students should be, not to treat their period of study as one of the opportunities for indulgence in intellectual luxury, but for preparing themselves for final dedication in the service of those who provided the sinews of the nation with the national goods & services so essential to society. Advising them to form a living contact with the community in whose midst their institution is located, he suggested that instead of undertaking academic research about economic and social disability, the students should do “something positive so that the life of the villagers might be raised to a higher material and moral level”.

The post-independence era was marked by an urge for introducing social service for students, both as a measure of educational reform and as a means to improve the quality of educated manpower. The University Grants Commission headed by Dr. Radhakrishnan recommended introduction of national service in the academic institutions on a voluntary basis with a view to developing healthy contacts between the students and teachers on the one hand and establishing a constructive linkage between the campus and the community on the other hand.

The idea was again considered by the Central Advisory Board of Education (CABE) at its meeting held in January, 1950. After examining the various aspects of the matter and in the light of experience of other countries in this field, the Board recommended that students should devote some time to manual work on a voluntary basis and that the teachers should also associate with them in such work. In the draft First Five year Plan adopted by the Government of India in 1952, the need for social and labour service for students for one year was further stressed. Consequent upon this, labour and social service camps, campus work projects, village apprenticeship scheme etc. were put into operation by various educational institutions. In 1958, the then Prime Minister Pandit Jawaharlal Nehru in his letter to the Chief Ministers, mooted the idea of having social service as a prerequisite for graduation. He further directed the Ministry of Education to formulate a suitable scheme for introduction of national service into the academic institutions.

In 1959, a draft outline of the scheme was placed before the Education Minister's Conference. The Conference was unanimous about the urgent need for trying out a workable scheme for national service. In view of the fact that education as it was imparted in schools and colleges, left something to be desired and it was necessary to supplement it with programmes which would arouse interest in the social and economic reconstruction of the country. It was viewed that if the objectives of the scheme were to be realized, it was essential to integrate social service with the educational process as early as possible. The Conference suggested the appointment of a committee to work out details of the proposed pilot project. In pursuance of these recommendations, a National Service Committee was appointed under the Chairmanship of Dr. C.D. Deshmukh on August 28, 1959 to make concrete suggestions in this direction. The committee recommended that national service for a period of nine months to a year may be made compulsory for all students completing high school education and intending to enroll themselves in a college or a university. The scheme was to include some military training, social service, manual labour and general education. The recommendations of the Committee could not be accepted because of its financial implications and difficulties in implementation.

In 1960, at the instance of the Government of India, Prof. K.G. Saiyidain studied national service by students implemented in several countries of the world and submitted his report under the title "National Service for the Youth" to the Government with a number of recommendations as to what could be done in India to develop a feasible scheme of social service by students. It was also recommended that social service camps should be open to students as well as non-students within the prescribed age group for better inter-relationship.

The Education Commission headed by Dr. D.S. Kothari (1964-66) recommended that students at all stages of education should be associated with some form of social service. This was taken into account by the State Education Minister during their conference in April 1967 and they recommended that at the university stage, students could be permitted to join the National Cadet Corps (NCC) which was already in existence on a voluntary basis and an alternative to this could be offered to them in the form of a new programme called the National Service Scheme (NSS). Promising sportsmen, however, should be exempted from both and allowed to join another scheme called the National Sports Organisation (NSO), in view of the need to give priority to the development of sports and athletics.

The Vice Chancellors' Conference in September, 1969 welcomed this recommendation and suggested that a special committee of Vice Chancellors could be set up to examine this question in detail. In the statement of national policy on education of the Government of India, it was laid down that work experience and national service should be an integral part of education. In May, 1969, a conference of the students' representatives of the universities and institutions of higher learning convened by the Ministry of Education and the University Grants Commission also unanimously declared that national service could be a powerful instrument for national integration. It could be used to introduce urban students to rural life. Projects of permanent value could also be undertaken as a symbol of the contribution of the student community to the progress and upliftment of the nation.

The details were soon worked out and the Planning Commission sanctioned an outlay of Rs. 5 crores for National Service Scheme (NSS) during the Fourth Five Year Plan. It was stipulated that the NSS programme should be started as a pilot project in select institutions and universities.

On September 24, 1969, the then Union Education Minister Dr. V.K.R.V. Rao, launched the NSS programme in 37 universities covering all States and simultaneously requested the Chief Ministers of States for their cooperation and help. It was appropriate that the programme was started during the Gandhi Centenary Year as it was Gandhiji who inspired the Indian youth to participate in the movement for Indian independence and the social uplift of the downtrodden masses of our nation.

The cardinal principle of the programme is that it is organised by the students themselves and both students and teachers through their combined participation in social service, get a sense of involvement in the tasks of national development. Besides, the students, particularly, obtain work experience which might help them to find avenues of self-employment or employment in any organisation at the end of their university career. The initial financial arrangements provided for an expenditure of Rs. 120/- per NSS student per annum to be shared by the Central and the State Governments in the ratio of 7:5 i.e. the Central Government spending Rs. 70/- and State Governments Rs. 50/- respectively per NSS student per year. An amount of Rs. 120/- per NSS student per annum on programmes to be shared by the Central and State Governments in the ratio of 7:5 (i.e. Rs. 70/- per student by the central government and Rs. 50/- per student by the State Governments). Keeping the inflation in view, it is now under consideration to revise the amount for Special Camping and Regular Activities.

NSS – BASIC CONCEPTS

The overall aim of National Service Scheme as envisaged earlier, is to give an extension dimension to the higher education system and orient the student youth to community service while they are studying in educational institution. The reason for the formulation of this objective is the general realization that the college and +2 level students have a tendency to get alienated from the village/slum masses which constitute the majority of the population of the country. The educated youth who are expected to take the reins of administration in future are found to be unaware of the problems of the village/slum community and in certain cases are indifferent towards their needs and problems. Therefore it is necessary to arouse the social conscience of the students, and to provide them an opportunity to work with the people in the villages and slums. It is felt that their interaction with the common villagers and slum dwellers will expose them to the realities of life and bring about a change in their social perception.

Objectives :

The broad objectives of NSS are to:

- (i) Understand the community in which they work
- (ii) Understand themselves in relation to their community;
- (iii) Identify the needs and problems of the community and involve them in problem solving process;
- (iv) Develop among themselves a sense of social and civic responsibility;
- (v) Utilize their knowledge in finding practical solution to individual and community problems;
- (vi) Develop competence required for group living and sharing of responsibilities;
- (vii) Gain skills in mobilizing community participation;
- (viii) Acquire leadership qualities and democratic attitude;
- (ix) Develop capacity to meet emergencies and natural disasters and
- (x) Practice national integration and social harmony.

The Motto :

The motto or watchword of the National Service Scheme is : 'NOT ME BUT YOU'. This reflects the essence of democratic living and upholds the need for selfless service and appreciation of the other person's point of view and also to show consideration for fellow human beings. It underlines that the welfare of an individual is ultimately dependent on the welfare of society on the whole. Therefore, it should be the aim of the NSS to demonstrate this motto in its day-to-day programme.

NSS Symbol :

The symbol of the National Service Scheme, as appearing on the cover page of this Manual is based on the 'Rath' wheel of the Konark Sun Temple situated in Orissa. These giant wheels of the Sun Temple portray the cycle of creation, preservation and release, and signify the movement in life across time and space. The design of the symbol, a simplified form of the Sun-chariot wheel primarily depicts movement. The wheel signifies the progressive cycle of life. It stands for continuity as well as change and implies the continuous striving of NSS for social transformation and upliftment.

NSS Badge :

The NSS symbol is embossed on the NSS badge. The NSS volunteers wear it while undertaking any programme of community service. The Konark Wheel in the symbol has eight bars which represent the 24 hours of the day. Hence, the badge reminds the wearer to be in readiness for service of the nation round the clock i.e. for 24 hours. The red colour in the badge indicates that the NSS volunteers are full of blood i.e. lively, active, energetic and full of high spirit. The navy blue colour indicates the cosmos of which the NSS is a tiny part, ready to contribute its share for the welfare of the mankind.

NSS Day :

NSS was formally launched on 24th September, 1969, the birth centenary year of the Father of the Nation. Therefore, 24 September is celebrated every year as NSS Day with appropriate programmes and activities.

NSS Song :

During Silver Jubilee Year the NSS theme song has been composed. All NSS volunteers are expected to learn the theme song and sing the song during NSS programmes and celebrations. The theme song cassette is available and the theme song is given in the end of the Manual.

More than half of the world's population already lives in urban areas. In addition, the urban population is expected to double over the next 40 years, bringing about a rapid, large-scale change that has no precedent in human history. In light of this, we must ensure that cities remain spaces for innovation, culture, and well-being. Architectural aspects are important and challenges and solutions need to be addressed comprehensively and viewed holistically in the new city model. He believed that architecture can contribute very directly to a city's objectives as a center of innovation, culture, and well-being. We must change the view that architecture is an addition or a luxury to be enjoyed in boom times, and instead understand it as a reflection of our society and our values. Good architecture makes cities comfortable, accessible, etc. If you don't take into account the economic, cultural, geographical, and topographical reality, you can't make good, bold architecture that people will appreciate.

There were 118 participants in the workshop and participants were from students from institute architecture, department of chemistry and law. They can get

name in society and boast for that. But it is prime need and duty of a girl that she should think about her self sufficiency and clear everything about the person with whom she is going to be tied up. For that confidence, education and intention is must. We should protect our girls from such false mongers.

Many institution and organizations are giving a number of training for competitive exams like GPSC, IAS etc but to boast confidence there is no institute. It should come from inside and advised the girls to become self sufficient, depend less on others and take their own decisions. Your decisions need to be robust and do not go for green gardens because life itself is not always beautiful garden. Particularly girls should remain prepared for everything good or worse. They should learn from life of Sita from Ramayana, being a wife of king, she has to face all challenges. Every lady should be well prepared.

Gupta, Principal judge family court Patan, awared us that parliamentary Standing Committee on External Affairs of India recently approved the Registration of Marriage of Non-Resident Indian Bill, 2019. Kalikal Sarvagna Hemchandracharya

The University is named Hemchandracharya North Gujarat University to honour the world famous Jain Acharya and Scholar Kalikal Sarvagna Hemchandracharya who had been the writer of Siddhahem Shabdanusashan, a treatise on grammar, during the reign of king Siddhraj Jaysinh in the 12th century. The celebrated Hemchandracharya, a pupil of Devchandrasuri, was one of the most versatile and prolific writers, who worked in the most varied domains, both as a poet and a scholar. It was due to him that Gujarati became a main stronghold of the Svetambara Jains, and that Jain literature flourished so exceedingly in the 12th and the 13th centuries.

Hemchandracharya was not only the author of Jainistic literature, but in addition, he provided Gujarat with important textbooks in secular branches of learning such as grammar, lexicography, poetics and metrics. His great learning and scholarship earned him the title Kalikal Sarvagna - "The Omniscient of the Kaliage." Born in Dhandhuka in 1089 A.D. as Changdev, son of pious Jain parents, he took his diksha as a Jain monk from his Guru Devchandrasuri. As a Jain teacher, he spent the greater part of his life in Patan, the then Capital of Gujarat
